To Whom It May Concern:

I have been using Red Carpet Employment Agency for my temporary help and staffing needs for almost three years now. I have always gotten very professional, courteous, and prompt service. Production schedules in plants like mine depend on people showing up for work. When they don't, Red Carpet is there to help me fill gaps within the hour. This kind of service is critical to my job, as well as production.

I truly count on Aggie, Dwayne, and their staff to make my job easier. They are very easy to work with and extremely flexible with my needs. I have really formed a relationship with this agency, and that makes me feel like more than just a customer. I would be more than happy to discuss my experience and opinion of Red Carpet Employment Agency with anyone who is considering doing business with them.

Sincerely,
